

## Moto-Master MX rear Caliper product info:

- OEM replacement for KTM SX-50 2004-2014 and KTM SX-65 2004-2008 rear caliper.
- Direct, bolt-on performance upgrade, compatible with original master cylinder.
- 4-piston caliper, CNC machined out of billet Aircraft Aluminium, black anodized and laser marked.
- 4-piston design provides significant power increase over original.
- Brake pad size/thickness is double compared to original (SX50), this dramatically increases brake pad lifespan.
- Rigid design eliminates any caliper flex and ensures maximum durability.
- Matching Moto-Master brake pads: 094611 – 094612 – 094621.

Caliper mounted on 2013 SX50
